

Dispatch Management

- Sell More
- Lower Costs
- Improve Customer Satisfaction
- Reduce Errors
- Get Paid Faster

Managing jobsite logistics is complex and time consuming undertaking. With integraRental's powerful dispatching features, you can manage your jobsite details and contacts and avoid time and equipment loss with ease. Increase efficiency by tracking your pickup/delivery fleet, viewing and setting schedules, accessing routing directions, and more, all from one powerful rental software.

DELIVERY AND PICKUP

- Capture jobsite information and detailed notes that support delivery and pickup operations.
- Filter and display lists of all equipment that needs to be prepped, delivered, picked up or replaced on any given day of the week.
- Easily assign and manage intercompany and customer site equipment transfers.
- Calendar and Grid views provide flexibility in how you can view your current and upcoming activities.

The screenshot shows a calendar view for October 2023. The interface includes a sidebar with navigation options like Home, New Rental, Rentals, Return, POS Sale, eRental, Service Repair, Dispatch, Wait List, Currently On Rent, Billing, Customers, Cash Drawer, and Purchase Order. The main area displays a calendar grid with various activity icons (e.g., PR, PU, DL, RB) and labels such as 'Prep-Vandalay Industries-BETT', 'DELIVERY-Vandalay Industries', and 'Replace-Vandalay Industries'. Search filters at the top allow for selection by Start/End dates, Location, Customer, Document Type, Route, and Type.

UNLIMITED DELIVERY ZONES

- Establish pickup and delivery rates by zip code based on a relationship to any of your locations.
- Assign different service fees associated with each pickup and delivery zone to support accounting requirements such as departmentalization.

The screenshot shows a table for configuring delivery pickup zones. It includes a search bar and an 'Add' button. The table columns are Location, ZipCode, Pickup, Delivery, Pickup Rate, Delivery Rate, and Action (Edit/Delete).

Location	ZipCode	Pickup	Delivery	Pickup Rate	Delivery Rate	Action
Bettendorf	52722	Pickup	Delivery	\$60.00	\$60.00	Edit Delete
Bettendorf	52037	Pickup	Delivery	\$78.00	\$78.00	Edit Delete
Bettendorf	52060	Pickup	Delivery	\$92.00	\$92.00	Edit Delete
Bettendorf	52254	Pickup	Delivery	\$102.00	\$102.00	Edit Delete
Bettendorf	52650	Pickup	Delivery	\$92.00	\$92.00	Edit Delete
Bettendorf	52655	Pickup	Delivery	\$84.00	\$84.00	Edit Delete
Bettendorf	52660	Pickup	Delivery	\$84.00	\$84.00	Edit Delete

BING MAPS

- Click to determine customer or job site location and get directions for delivery / pickup.

- Add additional detail, notes and review current scheduled dispatch activity to set a date/time for delivery and pickup up of rental items.
- Associate a pickup contact with the rental agreement, further enhancing the ability to identify who specifically has your equipment.
